

Early Journal Content on JSTOR, Free to Anyone in the World

This article is one of nearly 500,000 scholarly works digitized and made freely available to everyone in the world by JSTOR.

Known as the Early Journal Content, this set of works include research articles, news, letters, and other writings published in more than 200 of the oldest leading academic journals. The works date from the mid-seventeenth to the early twentieth centuries.

We encourage people to read and share the Early Journal Content openly and to tell others that this resource exists. People may post this content online or redistribute in any way for non-commercial purposes.

EDITOR'S NOTE

This list of new publications will be discontinued with this issue and will be merged with the "Bibliography of Social Science" published in the *Journal of the International Institute of Social Bibliography*. An especially favorable arrangement has been made with the International Institute. Under the terms of this arrangement, a more complete bibliographical service can be supplied our subscribers at but a nominal cost.
